

An Esoteric View on Healing the Covid-19 Pandemic

A PHILOSOPHICAL CONTEXT FOR HEALING THE COVID-19 PANDEMIC

- ❖ “The Law of Cause and Effect, or of Karma, governs all disease. This embraces individual, group, national and total human karma.” *Esoteric Healing* p.143
- ❖ “The factor that is of importance is the causes, initiated by man from life to life; these work out in the appearance of disease...” “It is with these causes that man must learn to deal, to recognise them, and to trace the conditioning energy to the appropriate effect, dealing primarily then with the task of negating the cause by the opposition of a trained will.” “Karma can be offset; but this offsetting, particularly where disease is concerned, will include **four lines of activity**:
 1. **Determining the nature of the cause and the area in consciousness where it originated.**
 2. **Developing those qualities which are the polar opposite of the effective cause.**
 3. Practicing harmlessness so as to arrest the expression of the cause and to prevent any further implementing of the unfortunate condition.
 4. Taking the necessary physical steps which will produce the conditions which the soul desires. These steps will include:
 - ❖ A mental acquiescence and an acceptance of the *fact* of the effect—in the case which we are considering in relation to karma—disease.
 - ❖ Wise action along the lines of orthodox medical procedure.
 - ❖ The assistance of a healing group or a healer for aid in inner spiritual healing.
 - ❖ Clear vision as to the outcome. This may lead to preparation for a more useful physical plane life or preparation for the great transition called death.” *Esoteric Healing* p.143

“It must be remembered that every human thought, whether the potent mass thoughts or individual dynamic ideas, must eventually emerge objectively on the physical plane. This is an inevitable and unalterable rule and due consideration of this law which governs mental substance will show the danger of wrong thought and the power of right.” [A Treatise on White](#)

*“...techniques in government and religion which are undesirable, because they spread **the virus of hatred**, breed class and racial distinctions and are consequently detrimental to world understanding, international good will and spiritual amity.”* Esoteric Psychology II p.659

EPIDEMICS AND WAR

Humanity, particularly in Eastern Europe, had not completely recovered from the epidemics, incident to the first part of the world war, when the second part took place. The psychological effects continue; the scars and the results of the second phase of that world war will persist for fifty years, even though—owing to man's greater scientific knowledge—the epidemic factor may be kept surprisingly within bounds. This, however, still remains uncertain. Time alone will demonstrate how successful humanity is in offsetting the penalties which outraged nature is apt to exact. Esoteric Healing p. 249

Reflections on Epidemics from the Teachings of Agni Yoga

- ❖ *“One can trace, how, over the last thousand years, waves of sicknesses have swept over Earth. By these records one can compile a curious tabulation of human failings, because sicknesses clearly show the negative aspects of our existence. I hope that alert minds will think about this in time. It is too late to start making a pump when your house is already on fire.” Agni Yoga, 492*
- ❖ *“It can be said that humanity poisons itself, and that the more refined organisms suffer. Thus, with the advent of very dangerous events, new illnesses appear. Regrettably, history does not record this, but we have compiled records that reveal how mankind punishes itself.” Supermundane, 530*
- ❖ *One should study the manifestations of nature in connection with world events. There may be found characteristic conformities; they repeatedly show how much of a living organism is the planet. Everything related to the planet is coordinated as the organs of a single body, therefore it is impossible to regard each being as an isolated individual. All beings belong to one organization, and they must regard themselves as responsible members of a community. In such a manner can one observe the fully defined structure of the Universe. One need not be surprised at the continual attempts to rebel against the law of order. The force of chaos is like a maelstrom, and weak consciousnesses easily fall victims to such an epidemic. Indeed, one should look upon the influxes of chaos **as infectious epidemics.** Aum 163*

*“The reality of the force of thought is beyond dispute. Thought creates. But in each book it is needful to review the fact that not every thought is effective. **A vivid thought is equal in force to lightning.** But each duplicity is destructive and will not produce the desired result. On the contrary, each duplicity produces deformities and most besetting monsters, which remains as horrible nightmares. By various thoughts there are created inhabitants of space which are like troublesome insects!” Fieri World III p. 565*

*“Public opinion, mass ideas, the tendencies of human desire and thought, are not at this time of the highest order, and the physical precipitation of these vague and inchoate thoughts distinguished by a vast similarity, and colored by selfish intent and personal behest, and based upon likes and dislikes, prejudices and longings, can be seen in the most interesting precipitation. **The vast assembly of insects which now haunt our planet and cause increasing concern to the scientist, agriculturist, and all those dealing with the welfare of the human animal, are the direct result of thought precipitation.**”* [A Treatise on White Magic p.542](#)

THE LOCUST CRISIS

“The ongoing Desert Locust crisis that hit the Greater Horn of Africa earlier this year is re-escalating, particularly in Ethiopia, Kenya and Somalia, as widespread breeding and new swarms are starting to form. This is posing a major threat to food security and livelihoods as much of the region is heading into the main agricultural season.” [United Nations Office for the coordination of Humanitarian Affairs January 25th, 2020](#)

In addition to this immediate crisis, ethnic tensions, religious rivalry and ‘ancient tribal hatreds’ have been a source of conflict in this region for decades if not centuries.

Saudi Arabia/Yemen/Iran

The Iran–Saudi Arabia proxy conflict is the ongoing struggle for influence in the Middle East and surrounding regions between Iran Saudi Arabia. The two countries have provided support to opposing sides in nearby conflicts, including the civil wars in Syria, Yemen, and Iraq. Since 2015, *Saudi Arabia* and the United Arab Emirates have been fighting in *Yemen* to oust the Houthis, a *Yemeni* faction that controls the capital. <https://www.nytimes.com/2019/09/03/world/middleeast/war-crimes-yemen.html>

India/Pakistan

“What makes India and Pakistan special, however, is how much they hate each other. Despite numerous fits and starts at rapprochement, the countries have reconciled little in the nearly seven decades since independence from the British.”

“I can assure you that as men learn to think with more unselfishness and with greater purity, and as malice and hatred and competition give place to brotherhood, kindness and cooperation, the insect pest, as it is now called, will most surely die out.”

A Treatise on White Magic by Alice Bailey p.542

HOW TO HEAL?

To all it may be told how indispensable is unity. It has already been pointed out that unity is a real motive force. It has been said that unity is a magnet. It is a healer, health, it is rapid attainment. What is there still to be added? *Aum*, 433.

The Mantram of Unification

Adapted

The souls of all are one and I am one with them.

I seek to love, not hate.

I seek to serve, and not exact due service.

I seek to heal, not hurt.

Let pain bring due reward of Light and Love.

Let the soul control the outer form, and life, and all events.

And bring to Light the Love that underlies the happenings of the time.

Let vision come and insight. Let the future stand revealed.

Let inner union demonstrate, and outer cleavages be gone.

Let love prevail. Let all people love.
